BioGenomics 2017

1 October, 2016

Dear Colleague,

On behalf of the Organizing and Scientific Program Committees for the inaugural Global Biodiversity Genomics Conference (BioGenomics2017) it is a great pleasure to invite you to attend and have the opportunity to present your research at BioGenomics2017 in Washington, D.C. USA, February 20th-23rd, 2017. For more information on the congress please visit our website at BioGenomics2017.org. The program includes 13 plenary talks including a featured opening Keynote Address by E. O. Wilson, Professor Emeritus at Harvard University, and 18-22 specialized symposia on a variety of cutting-edge topics in biodiversity genomics, sequencing technologies, bioinformatics, and computational genomics. Thank you for submitting via the website an abstract for a presentation or poster that will be reviewed by the scientific program committee.

Sincerely,

W. John Kress
